

SENIOR CIVIL ENGINEER

FMCIVIL Engineers is seeking a Senior Civil Engineer with a minimum of 10 years of land development and infrastructure project experience to join our growing team. The position requires team collaboration, excellent technical and communication skills, the ability to manage and prepare improvement plans, cost estimates and schedules with minimal supervision for land development projects, possess knowledge of standard engineering practices and of public agency standards and guidelines.

Proficiency in AutoCAD Civil 3D software is required; experience in reviewing and performing Hydrology and Hydraulic Analyses, Drainage Reports, and Stormwater Quality Management Plans a plus. A B.S. in Civil Engineering or related field required, a California P.E. preferred.

FMCIVIL offers competitive compensation package for our full-time associates that includes PTO, sick leave and health benefits.

Please send resumes to: Francisco Martinez Jr. P.E at Francisco.martinez@fmcivil.com
